

Instructions for the Sidewalk Chalk Blog Post

In Blogger, create a new post!

Give it a title up in the title box, appropriate for an overview of this sidewalk chalk experience.

In this post write about:

- The Sidewalk Chalk team experience. We will talk about writing style for blogs later, but for now - YES, we think grammar and spelling are very important! Give an overview of the 3 days - starting with a little learning about color and symbol meanings, then team brainstorming and sketching, and finally the actual creation of your flag in the courtyard.
- Explain how you came up with the colors you used, as well as the symbols.
- Write a few sentences about the team aspects of the experience. How did the collaboration go? What will you do differently in your next team activity?

(Specifics about our blog post goals for you are here:

<http://eravens.blogspot.com/2014/12/what-makes-good-blog-post.html>)

Go to the eRavens.net website and locate the photos from the sidewalk chalk activity.

Find and save any that you want of you, your team, and your flag.

Include 2 of those photos in your blog post. Give them each an appropriate caption.

Make sure you click the Publish button when finished.

Go to your blog and see how it looks!
